## Downloading Bibliographic Records in MARC format

Creating an online account enables you to take advantage of our bibliographic records

Each title displayed on our website features a **Request bibliographic record** button that allows you to build a file which can then be accessed through your online customer account. The bibliographic records are available in three formats:

MARC-8 - Machine Readable Format

MARC-8 Tagged - Human Readable Format

Line-labeled Text File (ASCII - Windows codepage 1252)

Records will be downloaded to you in a file you can rename and save according to your conventions.

Clients who order from our website also have the option of simultaneously downloading MARC records when they complete their online order
